Thoughts on Religious Life:

I am entering into this time of Jubilee with a spirit of gratitude for all the experiences and opportunities that being part of CSA has meant. From earliest memory, I have always wanted to be a sister, being inspired by many of my early teachers. The ministry of teaching has taken me to many areas of the country and blessings abounded in the children, parents, fellow teachers and friends that have influenced my life. Being involved in liturgy preparation and music has graced my life in untold ways.

These last few years, massage has been my major ministry and I am honored to be able to provide that service to others. What a gift of Jubilee - to reflect and recall all of these blessings!
