Thoughts on Religious Life:

I believe that CSA is a vital part of the global Church and a voice that continues to call for authenticity, mutuality and dialogue. To be a member of this community for 40 years and a part of that ministry fills me with pride, passion and gratitude. I always believe that my ministry as an artist and creative thinker only came about because of the nurturing love, inspiration and challenge of the women with whom I have been privileged to walk. I look forward to spending the rest of my life professing the prophetic mission of CSA especially "furthering the role of women in Church and society."

All that being said...I plan on having a good time doing it!!!
