*Thoughts on Religious Life:*

*For me, everyday is an affirmation. I am blessed with my relationship with God Who gifts me with love, people, companionship and guides me in my ups and downs. My experience is a vowed life long journey taking each day as it comes, remembering and celebrating being a Sister of St. Agnes. Celebrating Jubilee is a grateful, humbling, exuberant experience, being one among and with community, family and friends. Reflective written words by Joyce Rupp provide some ways that help me on my journey in religious life (text attached). I am blessed for all the love and support of my CSA community.*
