Your Story of Sister Dennis](#)

WORDS OF ADVICE

I am deeply grateful for my 80 years as a Sister of St. Agnes. Day after day I trusted in God and was faithful to prayer and community life. If people needed me, they knew they could call upon me. I never said "no" to a request for help.

My advice to you who wish to live CSA's mission today: You are all God's people and God's servants. Use your own common sense. Follow your heart and it will take you where you should be."
