

We, CSA associates, lift our CSA sisters in prayer asking for Divine wisdom and guidance to be with them throughout this 2026 Chapter. For CSA sisters we pray:

Loving Creator, we ask for *listening hearts*, open and receptive so that you are heard in the ordinary events of life.

Eternal Light, create *clean hearts*, cleared of the refuse of old wounds and internal opposition.

Breath of Life, we ask for *trusting hearts*, cleansed of anxiety and fear, restoring faith in your abiding presence and unconditional love.

Divine Love, create *tender hearts*, freed from harsh thoughts and perfectionistic tendencies, warmly welcoming others with openness and love.

Spirit of Truth, create *silent hearts*, free of frantic busyness, to dwell with you in the listening space of solitude.

Sacred Presence, create *accepting hearts* to embrace all parts within, the light and the dark, the weak and the strong, to reflect your goodness and light in the world.

Wellspring of Grace, create *peaceful hearts* to live in reverence with all people, in harmony with all creation, and be your peace in the world.

You stir in our hearts, calling us to receive your energizing, transforming radiance. Help us to follow your loving movement in our lives. We trust in your powerful presence within and among us, and your Holy Spirit of love. Amen.
