Are you looking for quiet, silence, and peace?

The Sisters of St. Agnes invite you to the hermitages at Nazareth Heights, a sacred place for travelers on the journey of life, for women and men seeking a place for solitude and prayer. Located on the grounds of the Congregation of Sisters of St. Agnes, the hermitages are intended for those who seek the God within and who are comfortable in the quiet and aloneness this type of retreat setting offers.

The hermitages are intended for those who desire to encounter God in complete silence and solitude in a retreat setting. To keep the spirit of solitude in focus, only one person occupies a hermitage at any given time. The hermitages are available year-round and one hermitage is ADA accessible.

Peaceful, Comfortable Accommodations

Each hermitage is a studio-cottage situated in the midst of nature in a wooded area. Several flowing streams and walking trails grace the grounds. In this sacred setting, there is a sense of not being alone, but of being with the Sacred we call God who is within, around, and among us.

The hermitage is secure and furnished for complete yet simple independent short-term living. Sitting and sleeping areas, kitchenette, and full bath are included. Linens, kitchen utensils, supplies, and basic condiments are provided.
