A BLESSING TO SHARE

My name Carol means joyful song. At this time of my 75th Jubilee, I sing with joy and gratitude for the life-giving Blessing of My Call to religious life in the Congregation of Sisters of St. Agnes. As a Sister, I have been provided enormous opportunities for personal and communal growth, for deepening my relationship with Jesus the Christ, and for witnessing to Jesus' love and desire for justice especially for the poor and women, and for care of the Earth and the entire cosmos. Over the years, it has been a blessing to join my gifts of teaching, administering, and providing liturgical worship service in harmony with other CSA joy-filled women. Thank you, God, and CSA.
