A STORY THAT AFFIRMS MY COMMITMENT AS AN ASSOCIATE OF CSA

Being part of such as dedicated, strong community has been most affirming to me. I learn so much from the Sisters, it's hard to cite any one example. The entire CSA community is so loving and supportive, it has enriched my life in many ways.

A BLESSING TO SHARE

During the time that my fiancé, Michael, was unexpectedly dying, and after he had passed away, I received so many heart-healing messages and cards from the Associates and Sisters. This helped tremendously to begin healing my heart. I am a prayer partner, and wholly believe in the power of prayer. I felt these blessings deep in my heart.
