STORIES FROM MINISTRY

Not a story, but the people to whom I ministered, who would thank me for giving my all to them. Their acknowledgments made me realize the value of a giving heart and always being thankful to God.

WORDS OF ADVICE

Always try to give with a generous heart and a warm smile. Everyone understands that. Always be generous with your time for others as long as there is God time and time to keep yourself healthy.

A BLESSING TO SHARE

May the God of love always fill us. May the God of light shine through the dark times. May God always be our rock.

HOW CSA CHARISM INSPIRES ME

I still have a deep desire to be for God's people. I am daily moved to see and to find the good in those I am with, serve, or just meet on the street!
