WORDS OF ADVICE

While I don't know what my future will bring, I know and trust God is always with me.

A BLESSING TO SHARE

Celebrating my 60th jubilee has graced me with memories of my life: from grade school, desiring to be a sister, to the many years of teaching, preaching, and companioning others.

Moments of assisting others to recognize God's love for them are highlights of my years of ministry. Too often a person would express doubts about God's love for her/him. I had to grow in accepting that myself, deleting those negative messages from long ago and increasing my awareness of God's free, abundant, amazing love—as I am. No exceptions! No conditions! Yet for many, it is a stretch! I hope my words soften their hearts to accept the tremendous love of God!

HOW CSA CHARISM INSPIRES ME

In looking for another community when I was discerning transferring, I found the Chapter 1997 statement, and my heart leapt with joy! "At the heart of who we are is our desire to connect at the level of the Sacred." Then reading the mission statement, I was especially touched by our goal to help those whose faith life or human dignity are threatened. As a member of CSA, that has become my focus.
