

# Celebrating 15 years

# Alice Negratti

## 2010

Rochester, NY

As a newcomer to Fond du Lac, I was drawn by the warmth, hospitality and joy I saw in the Sisters and Associates of CSA. Studying the history, mission and values of CSA, I found the commitment to those whose faith life or human dignity are threatened compelling. I admire the willingness of Sisters and Associates to not only take principled stances on important issues of our time but to back up those words with action.

It is a privilege to be sharing this special time with amazing people who have devoted as many as 70 years to CSA. Their joyful commitment never fails to inspire me! I am honored to be part of the 150 tradition of service of the Sisters of St. Agnes.
