

Celebrating 25 years

Nancy Schmitz

2000

Harrisburg, PA

Maryland General Hospital School of Nursing - Diploma • UW Madison School of Nursing, Madison, WI - BSN • UW Oshkosh, Oshkosh, WI – MS Educational Leadership

My experiences and opportunities over the last 45 years of working at St. Agnes Hospital (for 35 years) and interactions with sisters and associates have truly been a blessing. I have been inspired to think and act more deeply about social justice issues.

Meeting and working with CSA sisters and associates at St. Agnes Hospital moved me to learn more about these inspiring women and their mission and activities. The opportunity to expand my prayer life and social actions led me to make my first commitment in 2000 and renew it annually.

I am truly blessed to be a CSA associate and have opportunities to know the sisters and other associates, work with them to impact the lives of those we meet
