

2026 JUBILEE

Celebrating 60 years

Sister Brigid Layden

WORDS OF ADVICE

If you'd like to advance CSA's mission, always keep in mind that you, too, are a human being just the same as those you minister to. You, therefore, are enriched by—as well as enrich—those you serve. (Oh, and by the way you never know when, or how, you are ministering!) when you are sure, always witness with a joyful spirit the risen Christ as you nurture the seed of faith in the other; and show your concern for the dignity of others.

As a person yourself, stay simple, hospitable, and conscious, that through you our risen Christ can be discovered and revealed.

A BLESSING TO SHARE

May you know the gifts God has bestowed on you so that, "The gifts you have received, you can give as a gift/gifts." I wish you an ever-deepening relationship with God that will show in what you say or do and in how you say or do. A loving attitude is catchy. And may you recognize the gift/s you receive from others. Don't bother to put on airs, be yourself. That'll be easier on you as you get a message across and will hopefully lead those who receive to go deeper spiritually. Blessings and great joy!

HOW CSA CHARISM INSPIRES ME

It feels like our charism is a natural part of me. Because of it, I know what I do, why to do it, and how to do it. Settings or circumstances may vary, but the charism doesn't. Therefore, it is a blessing.
