

A NEW HEAVEN, A NEW EARTH

The Bible and Catholicity

Dianne Bergant

→ CATHOLICITY IN AN EVOLVING UNIVERSE SERIES ←
ILIA DELIO, GENERAL EDITOR

This groundbreaking book is an experiment in reading the Bible through the lens of catholicity: a consciousness of the wholeness that pervades all life. Each chapter examines an aspect of the natural world (determined by the biblical text itself) from the perspective of the principle(s) of evolution and ecojustice. *A New Heaven, A New Earth* thus leads to new ways of understanding and talking about the Bible, God, creation, and humankind.

"Sr. Dianne Bergant rescues the Bible from being an artifact of history and places it squarely in conversation with the new cosmology, setting up an important and much needed dialogue between Scripture and science."

—Laurie Brink, O.P., Catholic Theological Union

"Sr. Dianne Bergant's clear, appealing survey of biblical texts embeds us within the cosmos and tells of a Creator of cosmic wonders larger than our imaginations can contain. She has written many fine works, but this is the most eloquent and insightful yet."

—Kathleen M. O'Connor

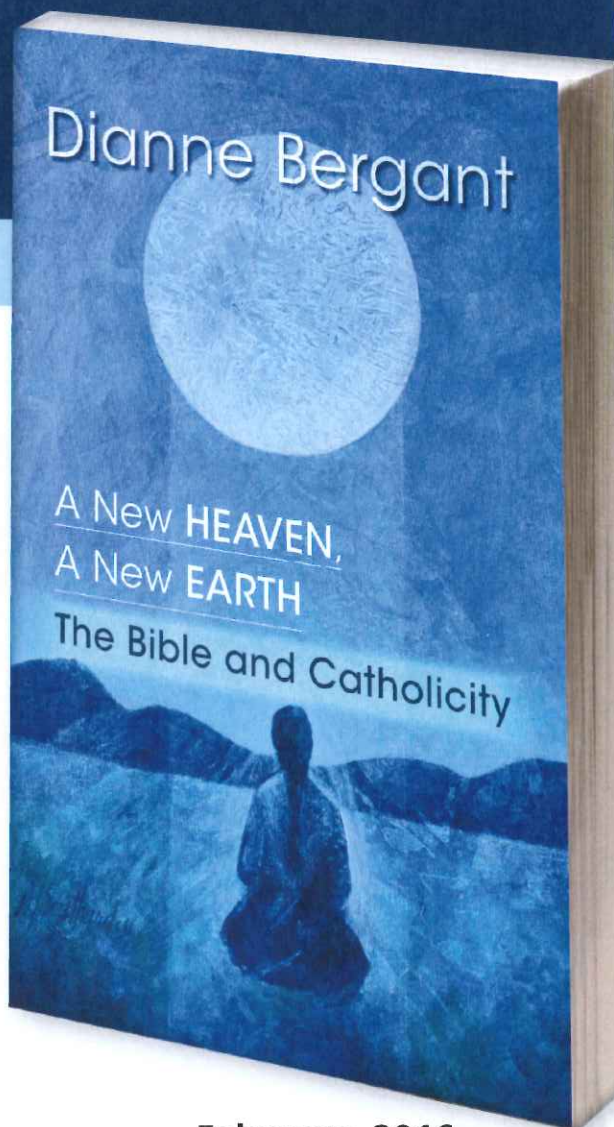

Columbia Theological Seminary

"Dianne Bergant once again provides a thorough and insightful scriptural study. She leaves no stone unturned or well untapped in her examination of the biblical notion of the relationship between human beings and the created world. She makes perceptive use of social, historical, anthropological, and scientific data to broaden our understanding of the sacred texts."

—Abbott Gregory J. Polan, O.S.B.
