Being a Sister of St. Agnes has provided blessings beyond my expectations. I treasure the opportunities for prayer and spiritual development. Having so many sisters along the journey has been a special blessing. The education I received, the ministry among thousands of gifted children and their families, the opportunity to serve in many venues, the privilege to be in congregational leadership, and now to work in a program to help young Nicaraguan women become medical doctors are all joys beyond description. How can one be grateful enough for these 60 diamond years of gifts!
